MALE OR FEMALE
M = MALE
F = FEMALE

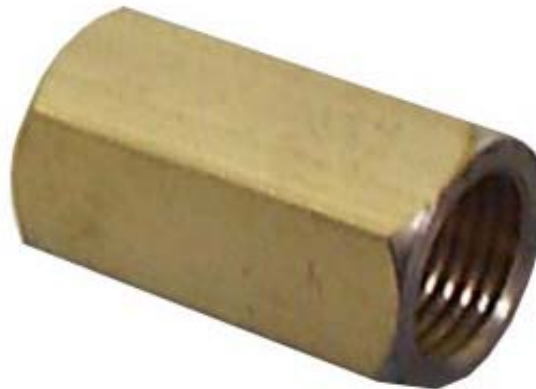

Carlisle Thread Adapters can be manufactured of brass or stainless steel. Other materials can be used if requested as a custom job. Thread Adapters are precision crafted for a perfect fit with almost any application.

Using the multitude of thread types and sizes in our Thread Adapter Sizing Chart, you can create an adapter to use with most of the threads you may need.

For any special thread sizes or types, or for any customization of a Thread Adapter, please contact your Carlisle Representative to discuss building an adapter to meet your custom needs.

Example: A brass thread adapter with 1/4" NPT male thread by 3/8"-32 female thread would be:

24C0-03M-28F

1/4-27 Male by 7/16-24 Female
Brass Adapter
24C0-21M-31F
